**SUBJECT: Cybergistics Acquired by Access**

Access, a nationwide leader in records and information management, now serving 66 markets in the United States and in Latin America and the Caribbean, has acquired Cybergistics. out of Neptune, NJ.

J.R. Emmanuelli, Managing Partner and Donna Pizzulli, COO of Cybergistics, recently expressed their enthusiasm for this transaction. Immediately following the acquisition Donna stated, "Partnering with Access ensures that the same values with which we have operated Cybergistics over the last 15 years will continue to drive your client experience in the future. I am pleased that Access has acquired Cybergistics."

While we will be working diligently to ensure that this is a smooth and seamless transition for you, we are confident you will be pleased with the new capabilities available to you. Also, you will be pleased with the Access commitment to providing you the VERY BEST service, while you continue to collaborate with the team members with whom you are already familiar.

**For your part, it's "business as usual" as Access begins to serve you today.** Please recognize the significant benefits and new services associated with your new relationship with Access:

- Continued service & support from members of Cybergistics, as well as the Access team.
- Unified records management services across the entire record lifecycle based on a full suite of records management resources and storage solutions including media vault and specialty storage in addition to secure destruction services.
- Industry leading support and online access with FileBRIDGE.com, Access' powerful gateway to online inventory management, order-placement system, reporting, metrics and more.
- Broadened Digital Access Solutions including scan-on-demand, back-file scanning and the Access Web-Hosted Repository to securely store, index, search, and share electronic records.
- Software solutions that can further reduce your administrative workload and free up your staff by supporting HR compliance and document management, contract document management and more.
- Educational newsletters, webinars and consulting to help you improve your RIM operations.
- Dedicated support from the local Access team and the ability to have Access serve you now in multiple cities across the country where you do business.

Please visit the Access website at [www.InformationProtected.com](http://www.InformationProtected.com) to learn more about your new provider. We look forward to continuing the high level of service to which you have become accustomed.

Kindly contact us at 732.918.6100, with any questions you may have. We are looking forward to meeting you very soon and are eager to continue building our relationship with you over the many years to come.

Sincerely,

Aaron and Joe
